CROWLEY

LAKES DISTRICT REVIEW

"SERVING CALIFORNIA'S FASTEST GROWING RESORT AREA"

VOL. 1 NO. 53, NOVEMBER 21, 1974

10c ALL RIGHTS RESERVED

Performing Arts Association

There will be a meeting held Thursday, November 21 at 7:30 pm upstairs in the "Corner Building", at the School District Office for any persons in Mono County interested in forming a non-profit organization which will sponsor scholarships in all fields of the Performing Arts, Music, Drama, Fine Art, etc.

One of the principal objectives of this organization will be to sponsor and establish a scholarship camp program for the elementary and high school children of Mono County with interests in the Arts and give them an opportunity to work with established musicians, artists and dramatists in a weekly seminar. Children not receiving scholarships may attend the camp by paying the camp fee.

There are many scholarships available for our children but without a sponsoring organization they have little hope of obtaining them. So don't forget to attend this very important meeting.

Arch Mahan Honorary Dinner Scheduled

A dinner has been scheduled on December 9 in honor of Arch Mahan and his service as President of the County Supervisors Assn. of California. All Mammoth residents are invited to attend. As most residents are aware, Arch has served as a Mammoth area Supervisor since 1960.

The Honorary dinner will take place in the banquet room at Pea Soup Anderson's. There will be a social hour at 6:00 with dinner at 7:00. All those wishing to attend should make advance reservations through the Chamber of Commerce office. The phone number is 934-2712. We'll be there — hope to see you, too.

CAO Officially on Board

Welcome to Bruce Adams, the newest addition to the Mono County staff. Bruce officially started as Mono County's first County Administrative Officer last Monday. In this position Bruce will be assisting the Board of Supervisors in matters of Budget, Finance and Personnel.

The Board of Supervisors met Monday in a short session in lieu of their regular Tuesday meeting. Supervisors Bill Falconer, Gene Hansen and Walter Cain were in attendance.

Lee Symmonds, County Historian, reported that he had just received a \$15,000 grant from the State Historical Society for the restoration of the Mono County Courthouse.

Dr. Carl W. Lind, D.V.M., was appointed to serve as County

This is not your usual high school basketball team . . . as a matter of fact, this group of waving, certified "half-ass" players [half the time riding, half the time running] entertained a crowd of some two-hundred people, Monday night at Lee Vining's Annual Donkey Basketball game between the Seniors and the Faculty.

Continuing Education in Mammoth

In the near future (possibly as early as January) people from the Mammoth Lakes community and surrounding areas will be able to enroll in adult education classes, some of which will be open to high school students as well as adults. All of the classes will be held at Mammoth High School, some in the evening, some on weekends and some during the day, probably late afternoon.

At the present time, according to Gordon Strachan, Superintendent of the Mammoth Unified School District, there are four possible programs under consideration: 1. an off-campus Bakersfield State graduate program,

offering courses which would lead to a master's degree in education; 2. community college level classes offered through Cerro Coso at Ridgecrest leading to a two-year degree; 3. a vocational program which would offer such classes as automobile inspection and maintenance, food-service and general office skills; 4. special interest classes such as ceramics which would carry no college credits.

Readers who are interested in any of the above programs will find extensive information about all of them including possible scheduling, instructors and costs, in subsequent issues of the Lakes District Review.

Search & Rescue Team Find Lost Mammoth Boy

Early Tuesday evening, Douglas Mills, age 3½, son of Mr. and Mrs. Myron Mills of Mammoth, was reported lost.

At approximately 5:00 pm Douglas went to visit a friend next door. His mother did not realize he was missing until 5:30 pm when she called the neighbor and found out he had never arrived.

Realizing that Douglas had wandered off with his dog, emergency units were called out to search. Participating in the search were the Mammoth Lakes Fire Dept., the Sheriff's Dept., June Lake Search & Rescue, the

Telephone Co. and private parties. About 150 people were called out. At around 7:30 the Search & Rescue team discovered Douglas' tracks and an hour later found him and his dog about 3½ miles north of the village. He was returned safe and in good health to his parents.

Thanks and appreciation goes to everyone who participated in the search and rescue operation.

Bruce Adams, new CAO.

Mammoth Mountain Featured In "The Color of Skiing"

Late spring is the time and super steep skiing above 10,000 feet is where it's at! John Reveal demonstrates some of the hairiest slopes imaginable up under the cornice at Mammoth and off of it too!

Regarded by many expert skiers as a cupcake mountain, the many cameras of Warren Miller Productions move into never-before photographed slopes and show you Mammoth like it can be . . . steep . . . tough . . . rugged; matching some of the most challenging slopes anywhere in the world. And . . . with thirty

feet of snow in the middle of May!

Skiing above ten thousand feet at Mammoth is just one of the many highlights in Warren Miller's all new ninety minute color ski movie. For an exciting evening of color film fun and Warren's hilarious narration, don't miss "THE COLOR OF SKIING" when it is showing at the Mammoth Community Center, November 29, 30 and December 1, under the sponsorship of the Mammoth Co-Op Nursery School. Tickets will be sold at the door. Doors open at 7:30 pm.

Christmas Tree Cutting on National Forest Land Limited to Organized Civic Groups Approved

Everett Towle, Forest Supervisor, Inyo National Forest, states that he would like to caution all persons against cutting their own Christmas trees this holiday season. "Every year we encounter instances where someone unintentionally cuts a tree because they are not aware of Forest Service policies". Cutting or destroying trees, including Christmas trees, on the Inyo National Forest is a Federal offense.

Due to the limited amount of trees available for Christmas trees and limited access it has been necessary for the Inyo National Forest to limit cutting. By limiting cutting to organized community groups, administration of this policy is kept to a minimum. This results in a two fold benefit - it provides community groups an opportunity to generate revenue for their activities and it also improves the forest environment. Trees that are overcrowded are removed thus releasing other trees to

grow without unnecessary competition.

The Inyo National Forest has contracted with several civic groups to cut trees for sale within the communities of Bishop, Mammoth, June Lake, Big Pine, Lone Pine, Independence and Rovana. Most trees for sale are Red Fir, White Fir and Pinon Pine. The trees vary in price due to species or size. Persons desiring information as to where they may purchase trees should check their newspapers for advertisements or contact the Forest Service office in their community.

The Toiyabe National Forest which lies north of Conway Summit will again offer \$1.00 personal Christmas tree permits for their lands. They will offer Pinon Pines only and the permit may be purchased Monday through Friday at the Bridgeport Ranger Station, Bridgeport, California. Persons desiring to cut these trees should call or write to confirm the availability and conditions in the area.

Fire Dept. Safety Tip

Wood storage is becoming a serious problem in condominiums and private dwellings.

The Mammoth Lakes Fire Department recommends that firewood placed on balconies be stacked so it will not block the exits in case of fire. Occupants of all buildings should review their fire escape plans and make sure they have a means of escape if fire or smoke should block the main entrance.

Permit No. 18

Postal Service Reiterates Unpaid Delivery Policy

Postmaster Paul Ketchersid today reminded customers that effective Sunday, November 17, the U.S. Postal Service intends to discontinue delivering mail on which there is no postage.

Postmaster Ketchersid said the policy was instituted because of the high costs being incurred by the Postal Service in its attempt to deliver such mail. Officials estimate that such costs total approximately \$18 million annually.

In announcing the new policy last month, Postmaster General E. T. Klassen said, "it is unfair to burden the vast majority of mailers with costs created by the few who mail without prepayment of postage."

After November 17, letters mailed without postage will be returned to sender if there is a return address, or to the dead letter office, instead of being delivered to the address as postage due mail as has been the customer. Postal officials will

Mammoth Maitre'd to be Distributed

The Mammoth Maitre'd, a guidebook to dining in Mammoth, June and Bishop is now being published by Mammoth Publishing & Advertising Co.

The "Maitre'd" will be distributed to all lodge and condominium rooms in the Mammoth area. It will also be available on local newstands.

Many of the major area dining house are represented in the "Maitre'd. This publication, patterned after a similar one in Aspen will be a major service to area visitors.

attempt to find the sender of unpaid mail and return it for a slight fee, if there is no return address.

"Naturally we realize that someone could inadvertently forget to put a stamp on a letter or that a stamp could come off prior to cancellation, so we urge mailers to be sure to include a correct return address on their mail," Postmaster Ketchersid said.

EDITORIAL

Lakes District Review Marks First Anniversary

The current issue of the Lakes District Review represents our First Anniversary issue. The Lakes District Review has been published in Mono County for one year and is now also being printed in the County as well. Our circulation is currently 3,500 residents. Over the past year we have attempted to keep you, our readers, informed on Mono County news. We are continually striving to maintain and improve upon our editorial product. We welcome any reader suggestions.

Although we truthfully can't say that this first year has been highly profitable, we do believe that the future looks encouraging. The Lakes District Review staff is very appreciative of the community's support. Your assistance from both an advertising and editorial standpoint have allowed us to produce a local newspaper which we hope serves

the needs of the community. We welcome your editorial ideas and naturally your advertising. If there are ways that we can better serve you. Please don't hesitate to call or talk to our staff.

EDITORIAL DEADLINES

Mono County Mental Health Has Final Lecture of Season

The third and final lecture of the Mono County Mental Health Services fall series will be held Friday evening, November 22nd., at 8:00 pm in the new Mammoth Lakes High School.

While the first two lectures of the series dealt with relatively traditional therapeutic subject matters, our third lecture will deal with a new and highly innovative field.

Mr. Joseph Brunon will be speaking on and demonstrating "Graphic Activity and Problem Solving", his technique of leading group discussions and meetings. During these meetings and discussions Mr. Brunon is busy drawing pictures while the group verbally elaborates it's problem. With the help of a roll of white paper and a satchel full of felt-tip markers Mr. Brunon draws large, mural type pictures and often ends a meeting with an

Shop Mammoth Wednesday and Saturday Nites

To better serve both residents and visitors, many Mammoth businesses will open Wednesday and Saturday evenings between Thanksgiving and Christmas. Several stores are already open. However, a large number of retailers, not usually open at night, have agreed to remain open until 9 p.m. (on Wed. & Sat.) Among them are the shops in Sherwin Plaza, The Village

Center Mall, The Winery and Joe Reeve's, Inc. Antiques. Others will undoubtedly join in as the word gets out.

The 9 p.m. openings should stimulate both the retail as well as the restaurant business in Mammoth Lakes. Wednesday and Saturday evening openings will start Saturday, November 30 and continue through the first of the year.

Flower arrangements, green plants, an art gallery and gift items from Christmas decorations to dry flower designs are now available at Mountain Flowers located next to the Outfitter. Buster Norton with floral designer Patrice Gillins display some of the lovely flowers which can be purchased every day from 10 a.m. to 6 p.m.

Bridgeport Road Runners Compete In AAU Championships

The Bridgeport Road Runners traveled to La Jolla, California to compete in the 1974 California State AAU Cross Country Championships on November 10, 1974. The meet was held at the University of California, San Diego and over 600 athletes were in attendance. In the 10-11 year race of 1 1/2 miles Rechelle Pool earned 34th place ribbon. In the 12-13 race of 2 miles Tammy Reneau earned 46th place ribbon and Chris Pool placed 73rd. In the 14-15 race of not quite three miles Penny Reneau received 10th place plaque for her efforts. The average race had over 100 runners in each age division. The girls will compete in the Junior Nationals which will be held at

Milbrae on November 23rd and from there they will travel to Dayton, Ohio to compete in the 1974 National Cross-Country Championships which will be held on November 30th.

Temperatures Drop—Electric Bills Rise

On Tuesday, December 3, at 7 p.m. in the June Lake Community Building and on Thursday, December 5, at 7 p.m. in the Mammoth Lakes Community Building Edison Company personnel will discuss methods by which residential users can better control winter electric bills and will answer specific questions by those in attendance. Refreshments will be provided.

Edison will have personnel from their main office who are experienced in controlling residential usage and also personnel

from the local area who understand specific problems in this area.

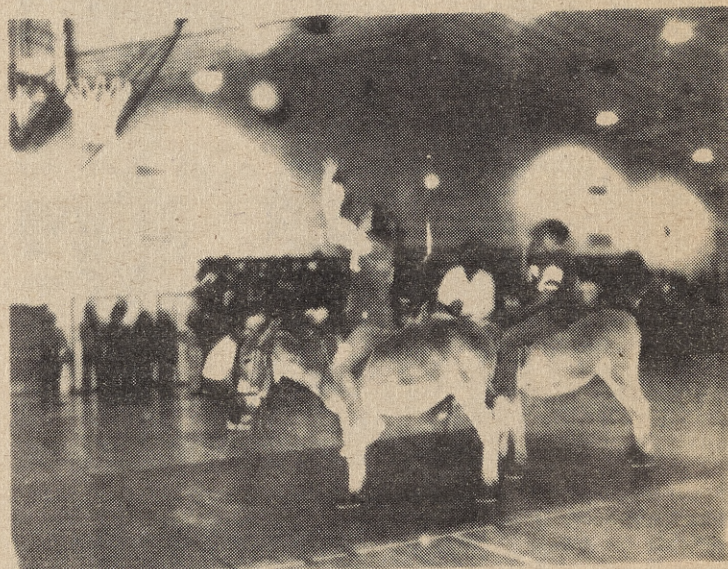

Electrical usage in Mammoth and June Lake is extremely high relative to the rest of Edison's system because of weather conditions. These meetings are an attempt by Edison to assist its customers in controlling their energy usage.

These meetings should be es-

pecially worthwhile for individuals who manage condominium projects.

Edison is well aware of the impact that higher utility rates caused by highly escalated fuel oil costs, high interest rates, and pollution abatement expenditures have had on customers. The utility is doing what it can to reduce its costs and also to assist customers in reducing theirs.

Donkey Basketball Game at Lee Vining High — A Pictorial

The rules state that a player can only throw for a basket while on his donkey.

If the ball is on the floor, one can dismount with reins in hand, to retrieve it. This becomes interesting when three players quickly leap to the ground and discover their reins and arms aren't long enough to reach the ball, mainly because their donkey has become an immovable object.

Mono Welfare Dept Announces Application Schedule

Applications for programs administered by the Department of Social Welfare office in Bridgeport will be taken only on Tuesday and Wednesday of each week between the hours of 9 a.m. and 4 p.m.

Mono County Sheriff's Dept. News

Willard Denny Moore, 48 years old, of Ceres, California was apprehended by Sheriff Deputies in June Lake after it

was reported that he attempted to shoot a friend during an argument. Moore was arrested for drunk driving on November 13, 1974 and his shotgun was confiscated. Later it was found that Moore had an outstanding warrant from Merced County for drunk driving and driving without a drivers license. He was transported out of the county to Merced on November 15, 1974.

On November 14 Joe Louis Ramirez, 39 year old, of Bakersfield, California was arrested for being drunk after Sheriff's Dept. received call that subject was in Crickettes Candy Fountain naked. Ramirez was transported to the Mammoth Lakes Substation where he was provided with suitable jail attire. He was released the following morning.

Also on November 14, 1974 at 10:00 pm two Mammoth Lakes juveniles were taken into custody when they were observed riding in a vehicle that had been stolen near Mammoth High School earlier during the day. Both juveniles are in detention in Bridgeport at this time and are awaiting further action from authorities.

Local Nursery School Opens

Mammoth Day Care Nursery announced the opening of its facilities seven days a week to the working mother and local children, offering special low rates and half-day rates.

The new program is geared to each age level both mentally and physically with special attention given to the individual needs of the child. Any child between the ages of 2 years and 8 years will find the Mammoth Day Care Nursery a happy experience!

Mammoth Day Care Nursery is a state licensed child care facility with two convenient locations.

If you have any questions about the facilities, programs or rates please call Lynn Cereda 934-2808 or Patty Evans 934-2804 or Mammoth Day Care Nursery 934-2894.

THE BARK OF THE HUSKIES

by Jaime Riker

HUSKIE FOOTBALL SEASON ENDS

The Huskie football team ended their first season after a loss to Trona 56-0, last Friday night. They now stand 1-7 in the league. Even though the Huskie's 74 season wasn't very successful their coaches, Rick Naranjo, Al Brandenburg and John McClure, were very proud of the team. They had to live with a lot of disadvantages this first year. Practicing way down at Mammoth Elementary School on a dirt field, having no showers after practice, did not make things easy for the Huskies. It was difficult to switch from 8-man football to 11-man, especially for the few seniors, Gary Alexander, Ron Burner, Hank Matoza, Jeff Peet, Jim Prentice, Mark Searles and Ty Willis, who were playing their last high school season. Next year with more experience and some of the problems overcome, Coach Naranjo feels that the Huskie football team will make definite progress.

A few very important people who don't receive much notice are the statisticians for the team, Michele McGrale, Paul Morrisette, Robert Dimmick, and Scott Simpson. They deserve a lot of credit along with the team managers, Eric VanNattan and Bob Audenreid who put in a lot of work.

The Mammoth junior varsity team played their last opponent of the season last Friday night. Trona physically out-manned the Huskies but didn't overpower them. Mammoth High School Band Serves Christmas Breakfast

The Mammoth High School band is sponsoring a Christmas breakfast to raise money for cardinal and gold uniforms. A breakfast of pancakes, eggs and bacon will be served at Nicolosi's from 7:00 am to 10:00 am on Saturday, December 22nd. Adult tickets are \$2.00 and children under 12 will be admitted for \$1.25. Included in this price is a raffle ticket good for a Tempeco Down Jacket. A Gift Certificate of \$25.00 from Kittredge's will be raffled off for the children. Tickets can be bought from any High School band member.

them. Mammoth's defense was good most of the time. Trona made their touchdowns on a few long runs and passes. The final score was 32-0 Trona. "In closing out this season I can only say that I am proud of my 'Dirty Dozen' football players. Most of the team will be returning next year and we have no place to go but up! Thanks for your support this year." This was a comment from J.V. head coach Boe who was assisted this year by Phil Aberle.

Mammoth Elem School News

Thursday, November 21, 7:30 pm in Room 4 of the new Mammoth High School. Dave Boe will be giving a discussion of the "Metric System" for all interested citizens. Just attend, no sign-up is necessary. Learn about the Metric System that the United States will be changing over to in the next few years. No cost. For further information contact Dave Flint at the Elementary School.

Monday, November 25, 7:30 pm — in the Elementary School Library; a mandatory meeting for all volunteer ski instructors who will be helping in the "Elementary School — Thursday Ski Program". We need more volunteers to teach skiing Thursday afternoons. The ski program will start in January. We are asking all of the volunteer ski instructors to attend this meeting as well as the December 8th all day ski clinic. For further information contact Susan Williams at 934-8636, Mitzie Sweeny 934-2990 or Ralph del Campo 935-4466.

Tuesday, November 26, 7:30 pm — in the Elementary School Teachers Room; "Mammoth Elementary School Parents Advisory Committee". Everyone is welcome.

Wednesday, November 27 — Many of the rooms are having a Thanksgiving celebration. Mrs. Willis' class is going to have a Thanksgiving feast with Pilgrims and Indians.

Thursday, November 28 - Dec. 1 — Thanksgiving Holiday.

Summer Gone, Fall Leaves; Inyo National Forest Prepares for Winter

Winter has come to the Eastern High Sierra Region. Recent storms have dumped about 12" of snow in the high country.

The Inyo National Forest is preparing for the winter season. Many Forest Service Campgrounds are closed as a result of recent storms. In preparation for the coming ski season many new areas have been marked for Cross Country Skiing. Two new lift's - #15 and #16 will be in operation on Mammoth Mountain. Mammoth Mountain should be in full swing around November 15 if the weather cooperates.

June Mountain has a crisp new look for this season. Everything has been repainted and a lot of repairs done. June Mountain plans on opening November 23.

For current road conditions in Inyo and Mono Counties call Caltrans Road Report at (714) 873-6366. For ski conditions call Mammoth Mountain (714) 934-6166. June Mountain call (714) 648-7733. They are installing a special number for weather conditions. Check your listing at a later date.

The following is specific information regarding various facilities available for winter visitors to the Eastern High Sierra Region.

Lone Pine & Independence Area

Mt. Whitney Ranger Station will be open Monday-Friday, 8:00 am to 4:30 pm. Forest Service facilities at the Oak Creek Campground north of Independence and west of Highway 395, Lone Pine Campground — west of Lone Pine on Whitney Portal Road are open for winter use. Toilets are available and trash pick up will be provided. Water source is from the creek as campground water systems have been shut down and drained to prevent freezing.

Campground operated by Inyo County for winter use in the Lone Pine area include Diaz Lake, Locust Grove, Portagee Joe and Tuttle Creek. For further information on the Lone Pine area stop by the Lone Pine Chamber of Commerce — located in Bob's Bonanza Restaurant, 104 N. Main, Lone Pine.

County Campgrounds in the Independence area — Summes Creek, Independence, Sawmill, Goodale, Taboose Creek and Tinnemaha.

Big Pine Area

Forest Service facilities in the big Pine area are closed due to snow. However, County Campgrounds are available to the overnight visitor. These are Camp Inyo, Baker Creek and Big Pine Triangle.

Bishop Area

White Mountain Ranger Station is open from 8:00 am to 5:00 pm, Monday-Friday. The new office is now located on Highway 395 at 798 N. Main in Bishop. Bishop Creek and Rock Creek are not operating due to snow and roads

C of C Hears Valentine Property Plans

Last Tuesday evening the Mammoth Lakes Chamber of Commerce heard guest speakers Dodge Crockett and Bob Haller from the University of California Santa Barbara discuss the future plans for their use of the Valentine property.

The Valentine property (located between Twin Lakes and Old Mammoth) was recently donated to the University of California's System of Natural Land and Water Reserves. To date there are about twenty such areas in the state reserve. The Master Plan has a goal of fifty reserves.

The Natural Land and Water reserves are used by University classes for field work and graduate study and research. Public visits are allowed on a controlled basis as well as teaching and research by schools outside of the University of California system.

The Valentine parcel consists of two sites. The first site, the Sierra Nevada Aquatic Research area, is located on U.S. 395. The Valentine camp is the second site and consists of 136 acres of sagebrush, hills, creek banks, meadows and forests. The Valentine camp represents a goodly proportion of the habitat of the Eastern Sierra.

The question/answer session brought on a discussion of water rights—the Valentine camp is currently outside the boundaries of the Mammoth County Water District. The University of California was

the only significant protestor to the recent application by the Water District for additional water rights. At Tuesday's meeting Mr. Crockett stated, "We are not opposed to relinquishing our water rights if it will not destroy the ecosystems of our property." (This they have not yet determined.)

In answer to a question on their views on the future development of Mammoth, Mr. Crockett responded "the University is not necessarily opposed to further development in Mammoth. We do want to see responsible development in Mammoth... We are not

going to oppose (growth)."

Community access that will not destroy the property will be allowed. There will be careful monitoring. Access to the camp will probably be via guided-tours.

Christmas Ball Dec 11—Tickets on Sale

The second annual Christmas Ball, sponsored by the Southern Mono Hospital Auxiliary, will be held Wednesday, December 11 at Warming Hut #2. Wanda Berner, Chairman, reports that tickets for this event are now on sale at Joseph Reeves Antique Shoppe next to the bank and post office. The ticket donation is \$14.00 per

couple. All tickets will be sold in advance; no tickets will be available at the door. Cut-off date for tickets is December 7 or until the tickets are sold out, whichever comes first. So get yours now!

The Christmas Ball will feature a banquet dinner and dancing to the Dee Snead Band from Bishop.

INYO NATIONAL FOREST PREPARES FOR WINTER

Continued from page 12
not being plowed into the camping areas.

There will be cross country ski trails designated in the Bishop Creek area. Information on the trails is available from the above office. Cross country ski rentals and equipment are available from sports shops in Bishop.

County campgrounds operating in the Bishop area are: Schober Lane, Millpond, Pleasant Valley and Horton Creek. For more information about the Bishop area contact the Bishop Chamber of Commerce. Winter hours are 8:00 am to 5:00 pm, Monday - Friday and 10:00 am to 4:00 pm on Saturday and Sunday. They will be closed Thanksgiving and Christmas. The Chamber office is located at the City Park on Highway 395 in Bishop.

MONO COUNTY MENTAL HEALTH HAS FINAL LECTURE OF SEASON

Continued from page 2

entire wall covered by a pictorial essay of what the group had to say about it's problem. In recent months, Mr. Brunon has led problem-solving sessions for the Venice Drug Coalition, the Stanford Research Institute, and a division of the L.A. Dept. of City Planning.

Mr. Brunon's background reveals a unique combination of the fields of architecture and human behavior. He received his Master in Architecture degree from the Massachusetts Institute of Technology in 1965 and proceeded into teaching architectural programming and design, and communications media. His work as architectural programmer and researcher in the design of environments for the health field led to his identification of graphic activity as a facilitating device for group interaction, and to the innovation of the Generative Graphics Process. He came to he University of California at Los Angeles in 1972, as Visiting Scholar in Behavior Science, Graduate School of Management, and is now Specialist, Dept. of Psychiatry, also at UCLA.

Rock Creek Area

Rock Creek area will be in full swing with more miles of marked cross country ski trails than last year. The road will be open up to a mile from Rock Creek Lodge. Rock Creek Nordic will be offering a full program of cross country skiing activities. For further information write to Rock Creek Nordic, P.O. Box 404, Bishop, California 93514.

Mammoth Area

The Forest Service Visitor Center is open six days a week, Monday-Saturday, 8:00 am to 5:00 pm and Sunday 8:00 am to 4:00 pm. The back parking lot at the Visitor Center will not be open to public use this year. The parking lot at chair #2 (Mammoth Mountain Ski Area) will be available for self contained vehicles. For further information on winter camping facilities contact the Visitor Center. The Visitor Center is located on the north side of the highway going into Mammoth.

Mammoth will have Alpine and cross country skiing this winter. However, programs have not been completed. The cross country trail behind the Visitor Center is all marked and just waiting for enough snow to make it skiable. Cal Nordic, Cross

Country Skiing will be operating from Tamarack Lodge at Twin Lakes in the Lakes Basin again this year. Their program includes instruction, rentals, sales, etc. Local sport shops in Mammoth provide all types of winter sports gear including cross country skiing equipment.

Evening programs will be held in the Visitor Center auditorium every Saturday at 7:00 pm starting November 30. Other programs will be posted locally during holiday periods.

For 24-hour information regarding the Mammoth area please call (714) 934-6611. Daily weather and avalanche forecast information is also provided at this number.

Lee Vining Area

Mono Lake Ranger Station will be open from 8:00 am to 12:00 am and 12:30 pm to 4:30 pm, Monday-Friday. The station is located just west of Highway 395 on the Tioga Pass Highway. Upper Gull Campground will be

open. However, no toilet facilities or water is available. Trash removal has been discontinued and visitors are asked to haul their own to designated sites.

Local sporting goods stores in the June Lake ara offer a wide variety of winter supplies ranging from winter mountaineering gear to Nordic Ski equipment.

Winter Mountaineers and Wilderness Travelers

Winter mountaineering and travel into the wilderness areas on the Inyo National Forest is increasing annually. As a result several actions are under way to provide a better service to the public involved in this activity.

Permits are required for entry into wilderness areas.

These permits are free and must be obtained in person from any one of the four ranger district offices located in Lone Pine, Bishop, Mammoth and Lee Vining.
